VALIDEZ VOTRE TAILLE

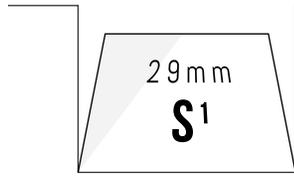

SMALL

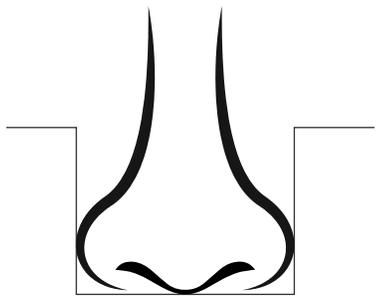

LARGE

couper le long des tirets

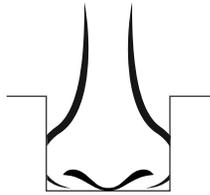

replier le volet

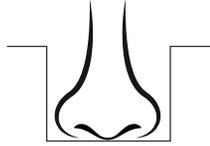

placer le nez dans l'ouverture

*le nez doit effleurer le papier

*nose too large

*nose too small

Placez une pièce de 1 euro sur la marque ci-dessus pour confirmer l'échelle.

*Une exception à la règle : si vous utilisez Intake principalement pour un sport à lunettes (motocross, sports de neige, etc.), prenez plutôt une taille inférieure. L'Intake Band plus petite tire moins sur les Intake Tabs, et sera donc un peu plus sûre lorsque vous la portez avec des lunettes ou pendant une activité à fort impact.
